## **Autobiography of A. T. Still** Andrew Taylor Still

Andrew Taylor Still, MD, DO (1828 –1917) was the founder of osteopathy and osteopathic medicine. He was also a physician and surgeon, author, inventor and Kansas territorial and state legislator. He was one of the founders of Baker University, the oldest four-year college in the state of Kansas, and was the founder of the American School of Osteopathy (now A.T. Still University), the world's first osteopathic medical school, in Kirksville, Missouri.

Still was active in the abolition movement and a friend and ally of the infamous anti-slavery leaders John Brown and James H. Lane. He became deeply embroiled in the fight over whether Kansas would be admitted to the Union as a slave state or a free state. The Kansas–Nebraska Act of 1854 provided that the settlers in those two territories would decide the question for themselves. Civil war raged in Kansas as both sides tried to gain control of the territorial government. In October 1857, Still was elected to represent Douglas and Johnson counties in the Kansas territorial legislature. Still and his brothers took up arms in the cause and participated in the Bleeding Kansas battles (between the pro and anti-slavery citizens).
