Fire Service Pump Operator: Principles And Practice IAFC

The National Fire Protection Association® and International Association of Fire Chiefs are pleased to bring you Fire Service Pump Operator: Principles and Practice, a modern integrated teaching and learning system for the fire pumper driver/operator. This textbook meets and exceeds the job performance requirements of Chapters 4, 5, and 10 of NFPA 1002, Fire Apparatus Driver/Operator Professional Qualifications, 2009 Edition. It also addresses all of the course outcomes from the National Fire Academy's Fire and Emergency Services Higher Education (FESHE) Associates (Core) Fire Protection Hydraulics and Water Supply course. Fire Service Pump Operator: Principles and Practice features: a laser-like focus on driver/operator safety and responsibility with dedicated chapters on safety; actual Near-Miss Reporting System cases are discussed to drive home important points about safety and the lessons learned from these real-life incidents; detailed step-by-step skill drills with which include the corresponding NFPA job performance requirements; page references for quick access to coverage of NFPA 1002 objectives and FESHE's Fire Protection Hydraulics and Water Supply course outcomes at the beginning of each chapter; scenario based learning tools including You are the Driver/Operator, Driver/Operator in Action, and Voices of Experience case studies to encourage critical thinking skills; and Driver/Operator Tips and Safety Tips to provide helpful advice from fireground veterans.
