Endosonography: Expert Consult Robert H. Hawes, Paul Fockens

Endosonography-by Drs. Robert H. Hawes, Paul Fockens, and Shyam Varadarajulu-is a rich visual guide that covers everything you need to effectively perform EUS, interpret your findings, diagnose accurately, and choose the best treatment course. World-renowned endosonographers help beginners apply endosonography in the staging of cancers, evaluating chronic pancreatitis, and studying bile duct abnormalities and submucosal lesions. Practicing endosonographers can learn cutting-edge techniques for performing therapeutic interventions such as drainage of pancreatic pseudocysts and EUS-guided anti-tumor therapy. This updated 2nd edition features online access to the fully searchable text, videos detailing various methods and procedures, and more at www.expertconsult.com. You'll have a complete overview of all aspects of EUS, from instrumentation to therapeutic procedures.

- Gain a detailed visual understanding on how to perform EUS using illustrations and high-quality images.
- Understand the role of EUS with the aid of algorithms that define its place in specific disease states.
- Locate information quickly and easily through a consistent chapter structure, with procedures organized by body system.
- Access the fully searchable text online at www.expertconsult.com, along with 60 procedural video clips, 300 downloadable PowerPoint slides, and 400 downloadable images, and regular updates reflecting the latest findings.
- Stay abreast of the most recent studies thanks to downloadable tables that summarize new information, updated on a quarterly basis.
- Master the technique of systematically performing EUS, then download the hundreds of slides and videos available online to teach and train the newer generation of endoscopists.
- Find coverage relevant to your needs with detailed chapters, illustrations, and videos on how to perform EUS for the beginner; a new section on international EUS and technical tips on how to handle difficult FNAs for the advanced user; a totally revised chapter on cytopathology for the pathologist; and a chapter on EBUS and EUS dedicated to the mediastinum for the pulmonologist.
- Get a clear overview of everything you need to know to establish an endoscopic practice, from what equipment to buy to providing effective cytopathology service.
- Tap into the expertise of world-renowned leaders in endosonography, Drs. Robert H. Hawes, Paul Fockens, and Shyam Varadarajulu.

From reader reviews:

Barbara Spangler:

What do you in relation to book? It is not important along? Or just adding material when you need something to explain what the ones you have problem? How about your time? Or are you busy individual? If you don't have spare time to perform others business, it is gives you the sense of being bored faster. And you have time? What did you do? Everybody has many questions above. The doctor has to answer that question simply because just their can do that. It said that about reserve. Book is familiar on every person. Yes, it is appropriate. Because start from on guardería until university need this Endosonography: Expert Consult to read.

Gloria Robey:

Many people spending their time by playing outside along with friends, fun activity along with family or just watching TV all day long. You can have new activity to spend your whole day by studying a book. Ugh, do you consider reading a book can definitely hard because you have to accept the book everywhere? It fine you can have the e-book, having everywhere you want in your Touch screen phone. Like Endosonography: Expert Consult which is finding the e-book version. So , why not try out this book? Let's find.

Lindsey Putman:

Do you like reading a publication? Confuse to looking for your favorite book? Or your book ended up being rare? Why so many problem for the book? But just about any people feel that they enjoy regarding reading. Some people likes reading, not only science book but also novel and Endosonography: Expert Consult as well as others sources were given understanding for you. After you know how the good a book, you feel desire to read more and more. Science e-book was created for teacher or even students especially. Those books are helping them to bring their knowledge. In additional case, beside science publication, any other book likes Endosonography: Expert Consult to make your spare time considerably more colorful. Many types of book like this one.

Ricky Copeland:

As a student exactly feel bored in order to reading. If their teacher expected them to go to the library in order to make summary for some book, they are complained. Just small students that has reading's spirit or real their passion. They just do what the instructor want, like asked to the library. They go to at this time there but nothing reading very seriously. Any students feel that studying is not important, boring and also can't see colorful images on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this Endosonography: Expert Consult can make you experience more interested to read.
