Geographies of Health: An Introduction

Anthony C. Gatrell, Susan J. Elliott

Geographies of Health: An Introduction Anthony C. Gatrell, Susan J. Elliott

Setting out the debates and reviewing the evidence that links health outcomes with social and physical environments, this new edition of the well-established text offers an accessible overview of the theoretical perspectives, methodologies, and research in the field of health geography

- Includes international examples, drawn from a broad range of countries, and extensive illustrations
- Unique in its approach to health geography, as opposed to medical geography
- New chapters focus on contemporary concerns including neighborhoods and health, ageing, and emerging infectious disease
- Offers five new case studies and an fresh emphasis on qualitative research approaches
- Written by two of the leading health geographers in the world, each with extensive experience in research and policy
