Wonder Boys Michael Chabon

Chabon's extraordinary story of one turbulent weekend in the life of a struggling writer, a satire of the permanent adolescence of the creative class

A wildly successful first novel made Grady Tripp a young star, and seven years later he still hasn't grown up. He's now a writing professor in Pittsburgh, plummeting through middle age, stuck with an unfinishable manuscript, an estranged wife, a pregnant girlfriend, and a talented but deeply disturbed student named James Leer. During one lost weekend at a writing festival with Leer and debauched editor Terry Crabtree, Tripp must finally confront the wreckage made of his past decisions.

Mordant but humane, *Wonder Boys* features characters as loveably flawed as any in American fiction.

This ebook features a biography of the author.
