**The Uncontrolling Love of God: An Open and Relational Account of Providence** Thomas Jay Oord  
Rarely does a new theological position emerge to account well for life in the world, including not only goodness and beauty but also tragedy and randomness. Drawing from Scripture, science, philosophy and various theological traditions, Thomas Jay Oord offers a novel theology of providence?essential kenosis?that emphasizes God's inherently noncoercive love in relation to creation. *The Uncontrolling Love of God* provides a clear and powerful answer to the problem of evil, the problem of chance, and how God acts providentially in the world.
