Speak Greek - Instantly. No books. No writing. No memorizing.

You learned your own language naturally and enjoyably: now you can learn Greek in the same way. You'll stick with it because you'll love it. Use the unique method perfected over fifty years by the celebrated psychologist and linguist Michel Thomas. This method works with your brain, helping you to build up your Greek in manageable, enjoyable steps by thinking out the answers for yourself.

With parallels to the way you learned your own language, each language is learned in "real-time" conditions. There is no need to stop for homework, additional exercises or vocabulary memorization. The "virtual" classroom situation on the recording lets you learn with others. You enjoy their success, and you learn from their mistakes. The students on the recordings are not reading from scripts and they have received no additional instruction or preparation - just the guidance you hear on the recording. You, as the learner, become the third student and participate actively in the class.

Don't be tied to chunky books or your computer, Michel Thomas Method audio courses let you learn whenever you want: at home, in your car, or on the move with your MP3 player. *Total Greek with the Michel Thomas Method* contains 8 hours of audio on 8 CDs.
