Agatha Christie

The Murder on the Links: A Hercule Poirot Mystery Agatha Christie

The second Hercule Poirot mystery, *The Murder on the Links*, by Agatha Christie is a good example of the method of its detective and his little grey cells. The cast of characters is small and there are some wonderfully complex twists but the main pleasure to be derived from this book is setting up Poirot in counterpoint to a more "modern" detective who uses less of a psychological approach and more of the blood-hound method examining the minutiae of the scene and following the scent. Hercule Poirot would definitely not be a avid "CSI" watcher. The story also contains many romantic elements, another popular genre used by the author, that generally work better here than in other of her books. A good mystery, if not a Christie classic.
