- Harvesting and preparing unconventional proteins
- Feral food preservation
- Dealing responsibly with waste
- Natural methods of birth control
- Tanning and processing animal skins

Lyrical, humorous, surprising, enlightening, and thought-provoking by turns, *Unlearn, Rewild* is essential reading for those who wish to heal themselves and the earth, live gracefully into the future primitive and experience their wildest dreams.

Miles Olson has spent the past decade deeply immersed in learning and practicing earth skills. While foraging, hunting, gardening, and gathering for his livelihood, his experiences have given him a unique perspective on rewilding, radical self-reliance, and the impact of civilization on the natural world.
