Creating sexual attraction in a woman is an art - The thing is that so many guys believe it is just luck! They believe that some guys have it and some don't! - That's so far a way from the truth - You take a man who has been systematically failing with women and you give him the right tools and you will see that man suddenly be VERY successful with any woman! Why is it like that? Because women ARE predictable! They respond to VERY specific signals and communication patterns - In this book, I tell you exactly what these attraction elements are and how to manifest them in your dating life - ANY man should know these things! Women want YOU to know because they are frustrated about going on dates with men who underperform - They see a guy coming to a date and blowing it within the first 5 min! - It is NOT complicate but you ABSOLUTELY must know what works and what doesn't when trying to connect with the women you are attracted to - How do I know that stuff? Because I coach women! - Lots of them! - In the intimacy and safe space of a coaching session, they tell me EXACTLY what triggers their desire! - So, my friend, don't waste your time - It will take you 30 min to read this and you will remember this for the rest of your life... And so will your future girlfriend! Enjoy! More power to you!
