## **Einstein, Relativity and Absolute Simultaneity (Routledge Studies in Contemporary Philosophy)**

William Lane Craig

*Einstein, Relativity and Absolute Simultaneity* is an anthology of original essays by an international team of leading philosophers and physicists who have come together to reassess the contemporary paradigm of the relativistic concept of time. A great deal has changed since 1905 when Einstein proposed his Special Theory of Relativity, and this book offers a fresh reassessment of Special Relativity's relativistic concept of time in terms of epistemology, metaphysics, and physics.
