Why is a flag at half-mast a symbol of mourning? Why do brides in the West traditionally wear white, while Asian cultures associate this color with death? Discover answers to these and other mystifying questions in *Signs & Symbols*, a fully-illustrated guide that helps unlock the secret language of the signs, symbols, and traditions around us. A rich source of information for readers of all ages, this book is divided into two sections, first looking at major sources of symbols (basic shapes, colors and numbers, the natural world), then, placing symbols in context of mythologies and religions, the human life cycle, people and culture, and symbol systems. Clear cross-referencing illuminates connections between symbols, while beautiful artwork and photography make this a collector's edition to treasure.
