Clear, direct and guaranteed, the perfect exposure method looks at the way professionals work, and lays out the decisions and sequences with absolute clarity, while incorporating the latest, powerful post-processing techniques. Choosing the exposure for a photograph is infinitely complex and one of photography's most absorbing paradoxes because it affects everything in the image and its effect on the viewer. Understanding how and why exposure works is essential, not only because it helps you to decide what is instinctively "right," but this book will give you confidence in that decision--an invaluable skill for every single photographer. Full of beautiful photographs taken by Michael Freeman, this book will arm you with the tools you need for perfect exposure of your photographs.

Michael Freeman is the author of the global bestseller, *The Photographer's Eye*. Now published in sixteen languages, *The Photographer's Eye* continues to speak to photographers everywhere. Reaching 100,000 copies in print in the US alone, and 300,000+ worldwide, it shows how anyone can develop the ability to see and shoot great digital photographs.
