## Proceedings of the 37th International MATADOR Conference

Presented here are 97 refereed papers given at the 37<sup>th</sup> MATADOR Conference held at The University of Manchester in July 2012. The MATADOR series of conferences covers the topics of **M**anufacturing **A**utomation and Systems **T**echnology, **A**pplications, **D**esign, **O**rganisation and **M**anagement, and **R**esearch.

The Proceedings of this Conference contain original papers contributed by researchers from many countries on different continents. The papers cover the principles, techniques and applications in aerospace, automotive, biomedical, energy, consumable goods and process industries.

The papers in this volume reflect:

the importance of manufacturing to international wealth creation;

the emerging fields of micro- and nano-manufacture;

the increasing trend towards the fabrication of parts using lasers;

the growing demand for precision engineering and part inspection techniques, and

the changing trends in manufacturing within a global environment.
