Émile Zola

Germinal (Centaur Classics) [The 100 greatest novels of all time - #80] Émile Zola

With flawless construction and impeccable detail, *Germinal* chronicles the conflicts, lusts, and deprivation of life in the coal fields of nineteenth-century France.

A father and three of seven children work brutal hours, facing such hazards as landslides, fire, and poisoned air, to scrape together enough money for food. When their lodger, Etienne, shares ideas of a workers' revolt, the family gradually embraces his plans. Soon the settlement is aflame with resolve to strike for better wages and working conditions. Savage and horrifying events ensue, as miners clash with management and with each other.

Published in 1885, *Germinal* helped establish Émile Zola as the leading figure in the French school of naturalistic fiction. This masterpiece has been called one of the ten best novels in the French language.
