Managerial Accounting for the Hospitality Industry Lea R. Dopson, David K. Hayes

Though not all hospitality students want to be accountants, managerial accounting is a crucial skill for all hospitality students. Written for aspiring hospitality managers rather than accountants, this resource focuses on how accounting principles apply directly to hospitality management. With a reader-friendly style suitable for those with no prior accounting background, this book makes accounting fun with practical examples scattered throughout each chapter that clearly illustrate accounting concepts and theories. A running case study helps readers immediately apply what they've learned to the types of key management decisions made at a full-service resort.

Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.
