In today's world, separated and divorced men comprise nearly 40% of available men. However, these men differ from the typical single bachelors you're used to dating--they can come with many unexpected challenges, such as children, difficult ex-wives, substantial financial obligations, and unresolved grief, guilt, or anger.

After 10 years of conducting research and coaching women dating separated and divorced men, psychologist and dating expert Dr. Christie Hartman has gathered every challenge these men can offer and put them into one easily-digested book. Christie will show you how to:

- \* Identify challenges that "come with the territory" vs. those that are deal-breakers
- \* Recognize when his ex isn't over him... or when *he* isn't over *her*
- \* Avoid becoming a rebounding man's "transitional woman"
- \* Evaluate whether marriage to a divorced man is the right choice for you

The 2nd edition of *Dating the Divorced Man* -- called "even more brilliant than the first" -- tackles more challenges, such as:

- \* What a Divorced Husband is, and why he will make you miserable
- \* How to know when a relationship with a divorced man is worth fighting for, and when it's time to say goodbye
- \* Why some divorced men struggle, while others thrive

Whether in a stable situation or a difficult one, Christie leaves no stone unturned when it comes to succeeding with separated and divorced men.
