Fight Choreography: The Art of Non-Verbal Dialogue John Kreng

All of us have seen films in which the story and acting might be great, but the film suffers because the action and fight sequences are not convincing enough, are terribly shot or edited, or do not integrate seamlessly into the story, causing them to be ineffective, gratuitous, or worst of all, unintentionally humorous. However, when done well, fight and action scenes support and heighten the story and expand the characters. **Fight Choreography: The Art of Non-Verbal Dialogue** helps filmmakers ensure that the fight scenes in their films add to the film's overall quality. Creating a stage fight with a high level of clarity and entertainment value is a very complicated endeavor and requires skills that acting classes and martial arts schools cannot teach. This book helps filmmakers make sense of this art form and how they can use it to create their own styles of fights for a variety of projects, whether they be feature-length films, shorts, or television shows. The book is instructional, informative, and entertaining, and focuses on every important element involved in fight choreography, from basic philosophies, initial concept, and planning, to filming, editing, adding special effects, and sound mixing the final product. The book is not only an indispensable resource for filmmakers, but will also interest film buffs who want to learn how great fight sequences are made so they can better appreciate the action.
