Louis E. Ingelhart

Press and Speech Freedoms in the World, from Antiquity until 1998: A Chronology Louis E. Ingelhart

Although Americans tend to take the concept and protection of free expression for granted, free press and free speech are at best only tentatively established in some nations of the world. Covering prehistoric times to mid-1998, this book provides a year-by-year report of the efforts to free the press throughout the world. Since the American concept of free speech came from England, the early chapters place a heavy emphasis on events in England, while later chapters include other nations throughout the world. Ingelhart provides a thorough overview of free press and free speech principles and the continuing effort to extend those freedoms almost everywhere.
