Have you ever wondered about Earth energies, ley lines, portals, sacred sites, hauntings and more? If so, than this is definitely the book for you. Australian author and naturalist, Monika Muranyi, has compiled everything that Kryon has ever channelled about Gaia! For over 23 years the loving messages of Kryon, as given by Lee Carroll (the original Kryon channel) have become known world-wide. This book represents an amazing job of research that covers many topics that have never before been published by Kryon. Monika s personal experiences and insights weave together the Kryon teachings and wisdom to present a very unique picture of our origins and why we are here. In addition, she has posed over thirty new questions answered by Kryon. Thanks to her work we now have greater understandings about Earth energies and how these interface with humanity in this first time ever compilation of Kryon material.
