His Wife His Mistress: Tales of Men As Maids and the Women They Serve Emily Masters

There are few things more satisfying for a woman than knowing she needn't trouble herself with the chores, having a maid on hand to take care of all the jobs she hates. When the maid in question is also her man, serving his mistress dressed in the most feminine of uniforms, things get very interesting indeed - as the stories in *his wife his mistress* show. From a husband who takes on the role of a housewife to a boyfriend crossdressed for a costume party, these men know their place is to love, honour and obey the lady of the house in a way that only a maid can - much to the delight of the women they serve!

There's no doubt that the mistresses in these tales are demanding, expecting nothing short of absolute obedience from their submissive spouses, but that doesn't mean they love them any the less. Whether serving tea, scrubbing floors or satisfying more intimate needs, you can be sure these male maids will be doing exactly as they're told, surrendering to service in satin and lace!

- *A View from the Armchair* is one woman's tale of how her husband became her maid, recalling the events that took him from an accidental encounter with her apron to wearing a rather more formal uniform - one that she had him make himself! Dressmaking is far from the only feminine skill that Alex becomes proficient at as his submission deepens, learning to clean and cook as skilfully as any servant. With a man driven to such domestic duties by his desire to serve his wife and a woman who discovers the delights of having a feminized house husband to train and tease, their relationship is sure to become a marriage made in heaven!
- Doing the washing should be straightforward for an accomplished laundry maid, but things don't go quite according to plan for Ben. Not only is an early start required if he's to hang everything out on the line before heading to work, but there's the small matter of hand washing his wife's underwear to attend to as well - not to mention lingerie of his own! After spending the day trapped in his corselette, this male maid's life doesn't get any easier in the evening, when the neighbourhood busybody pops round just when he's doing the ironing! Will Ben be able to keep his secret safe as well as satisfying the demands of his dominant wife? Follow his fortunes in *Hot Water*.
- David is used to waiting on Linda when she comes to chat with his wife, but when Sheila suggests that he helps out her friend, this housemaid husband finds himself with a real challenge on his hands - that of cleaning her bungalow! Scrubbing the filthy bathroom is a far cry from serving ladies tea, but that doesn't mean his wife expects any less of her maid when he's working in another woman's house. Will his feminine uniform and chastity device help or hinder our hero when it comes to meeting the needs of not one mistress, but two? Find out for yourself in *A Maid with Two Mistresses*.
- Karen is on edge about preparations for the fancy dress party but it's her boyfriend Brian who has cause to be concerned - he'll be a maid for the evening in front of all their friends! Halloween offers the perfect excuse for a man to be feminized in public, but his girlfriend isn't going to miss the opportunity to show her wild side too, playing the part of his mistress to a tee! This couple go all out to get the party started, dressing up together in not just their costumes but lingerie, corsets and makeup too. With her as a wicked seductress and him as a cute candy coloured maid, there's only one way the evening can end - as you'll discover in *Before and After the Party*.

Each of these erotic stories about male maids is approximately 10,000 words long.
